PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 45-14352

Dear Permit Holder(s):

The Department acknowledges receipt of the proof of beneficial use form and a \$50.00 license examination fee submitted for the above referenced permit. A license exam fee is not required for a ground water source with a rate of diversion of 0.04 cfs or less. Therefore, I will initiate the process to refund the license examination fee you submitted. You should receive a State of Idaho check for \$50.00 within ten (10) business days under separate cover for the fee you paid.

Enclosed is an order modifying the measuring device requirement which modifies permit condition no. 7 to read:

When notified by the department, the right holder shall install and maintain a measuring device of a type acceptable to the Department as part of the diverting works.

Basis for modification of permit condition no.7 comes from a letter the Department received on October 09, 2012, from the watermaster of water district 140 requesting a waiver, or modification of permit condition no. 7.

During my review of your proof statement and your water appropriation permit listed above, I noticed that you stated a rate of diversion greater than the maximum diversion rate allowed under this permit. On your proof statement you stated that your total rate of diversion is 0.04 (cfs), however, this permit is limited to a maximum diversion rate of 0.02 cfs. You must limit your water use to the amount listed on this permit. I have enclosed a copy of your proof statement and a copy of this permit for your reference. If needed, you may apply for another water right to cover additional water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

The next step in the process of developing a water right is for the Department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the Department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any Department office, or at the Department's website at: www.idwr.idaho.gov.

If you have any questions concerning the field examination, please contact the Southern Regional Office of the Department in Twin Falls, Idaho at 208-736-3033.

Sincerely,

A handwritten signature in black ink, reading "Darla Block". The signature is fluid and cursive, with the first name "Darla" and last name "Block" clearly distinguishable.
