Re Permit To Appropriate Water No. 63-12405

Dear Sirs:

The permit referenced above was issued to Jeffrey Boos, and later assigned to Charles Boos, for internal domestic use in three homes from ground water. The domestic use was approved for your three homes. A copy of the permit is enclosed for your reference. This letter is to request that you call me to schedule the field exam for this permit. The field exam is required by Idaho law before a permit can be licensed at which time it becomes a water right. The license is the end product needed for continued use of this water.

Please call me at 208.334.2190, by September 28, 2012, to set an appointment for the exam. Please have ready information regarding the pump and motor and delivery system at that time in preparation for the exam. Thank you.

Sincerely,

Vicky Music
Sr. Water Resource Agent
