Mr. Stearns,

Here is the message I received from the Forest Service when I asked them about your use permit. This document has not yet been scanned into the permit backfile but I will request that be done before I leave today.

Subject: Amended Permit 37-08575

Michele,

I have reviewed all the quarter-quarters in the legal descriptions of Amended Permit 37-08575. The only National Forest System land is in section 22, 23, 26 and 27, which are all NFS land. I marked the POU quarter-quarters on a map (copy attached). Forest Service personnel in Sun Valley confirm that Sun Valley Company is authorized to occupy and use NFS land under a Special Use Permit for commercial activities in order to operate a ski resort including making snow on the quarter-quarters depicted on the aforementioned map. The Forest Service permit administrator also thinks that artificial/man-made snow is used in part of the SWNW Section 26. This use is also authorized by the Forest Service, however this quarter-quarter does not appear as a POU on the Amended Permit.

If you have any questions about this information please contact me.

Thank you.
