PROOF DEFICIENCY LETTER

RE: Permit No. 95-13085

Dear Permit Holder:

During my review of your statement of completion ("proof") for this water right, I noticed that the proof form you submitted is incomplete. Part 6 of this form has not been filled out. Your signature & the date is required on the form.

I also noticed that the license examination fee was not paid at the time of filing proof. The license examination fee is based on the maximum rate of diversion that was developed, and is for the department to conduct a beneficial use field examination of the water system to verify its use. Your proof statement cannot be accepted without the license exam fee.

The permit was issued with a maximum diversion rate of .06 cfs, from a spring which is considered **surface water**. Based on your maximum diversion rate of 0.06 cfs the license examination fee due is \$50.00.

Enclosed is the original Statement of Completion ("proof") form you filed. I am returning it to you and request that you fill out part 6 of the form to reflect what was permitted, provide a signature and date on the bottom of the form, and return the form with the appropriate license examination fee. Upon receipt of a completed proof statement, and license examination fee I will acknowledge its receipt.

I am enclosing a copy of this permit along with instructions and a fee schedule for your reference. I will hold this matter for your response for fifteen (15) days from the date of this letter. If you have any questions, please contact me at (208) 287-4945.

Sincerely,

Darla Block
