CONDITIONS OF APPROVAL

1. The 3 ponds established by the storage of water under this right shall not exceed a total capacity of 2.0 acre-feet or a total surface area of 0.7 acres.
2. Right 22-14058 authorizes the diversion of an annual total of 2.0 acre-feet to be used for the initial filling of the 3 ponds and for the replacement of losses caused by evaporation.
3. The right holder shall install and maintain an impermeable liner in the 3 ponds to eliminate seepage losses.

WATER RIGHT NO. 22-14058
As Modified by Transfer No. 78152

CONDITIONS OF APPROVAL

4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
5. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.5 afa per acre at the field headgate for irrigation of the place of use.
6. Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
7. The use of water for irrigation under this right may continue to as late as October 31, provided other elements of the right are not exceeded. The use of water after October 15 under this remark is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date a partial decree is entered for this right.
8. The approval of this transfer redefines all of the elements of this water right, and the new use of water authorized by this approval shall constitute the full extent of the right.
9. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
10. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
11. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
12. Water shall not be diverted from fire protection storage except to fight or repel an existing fire.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
