Subject: 87-10054 Patton, licensing review and request to schedule a field examination on 10/3/2012

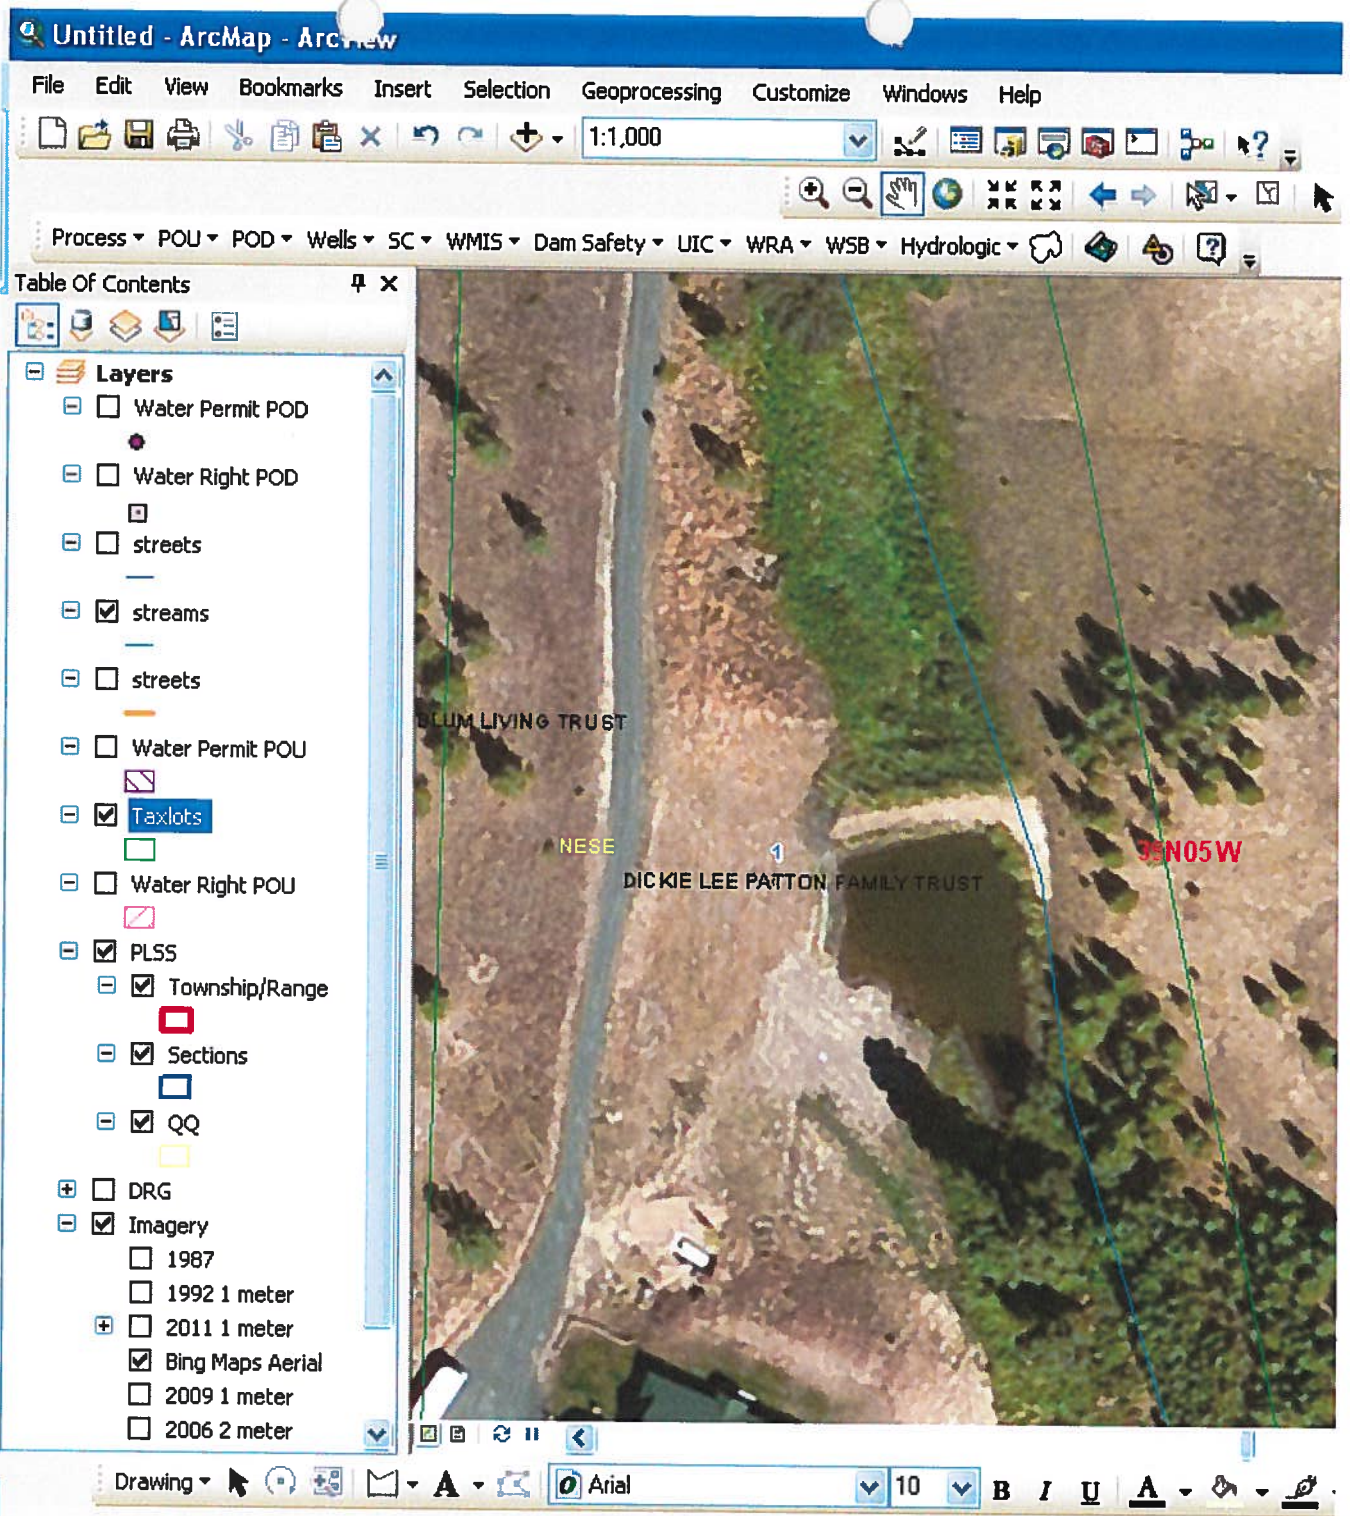

Dickie Lee,

I am currently reviewing the water right file for 87-10054 for the licensing process (the final step in this whole process). I would like to conduct a field examination on 10/3/2012, and at this time do not have a confirmed time until after I review all the files in that area. If you are available that day, that would be great, but in the event you are not available or have someone who knows the system, I have the following questions:

- (1) Do I have your permission to go onto the premises to conduct a field exam on the recreation/wildlife fire protection/fish propagation storage pond? *Yes*
- (2) Can you give me detailed directions to get to your? *from 95 towards Moscow, Rt 208, Lt Mill Rd, Rt Robinson Park Rd 1.4 m, Rt at split + go to end.*
- (3) What is the physical address for the property where the pond is located? *5199 Robinson Park Rd. Moscow, ID 83843*
- (4) The 3/3/2009 Tax Lot information shows you as the owner, but does not have any physical address for the 7.6 acres. *Is your mailing address still 12722 W Shadow Hills Dr., Sun City West, AS 85375? If your mailing address is different, you can complete and return the address change form found at: <http://www.idwr.idaho.gov/RulesStatutesForms/WaterRights/WaterRightForms.htm> (then scroll down to + mailing address change).* *10/11/2012 per assessors office at (208) 883-2710. plugs address is: 5199 Robinson Park Rd, Moscow, ID 83843*
- (5) On the attached map, please outline the pond. *****please label and return a copy of the map (shown below)**
- (6) On the attached map, locate and label the point of diversion from the unnamed stream. *******
- (7) What is the average depth of the pond? *12' by dam to 2' on edges, 7' average*
- (8) Is there an overflow in the pond, and where is it located? Mark and label it on the map. *******
- (9) Is the pond lined? If so, how and with what? *No. There is a clay layer beneath it, at the depth it was dug*
- (10) What kind of wildlife use this pond? *deer, birds, fish, geese*
- (11) What is this pond used for that you would classify it as recreational? *swimming + fishing*
- (12) How is this pond used for fire protection? Do you have a pump, and if so what type, make, model/serial #, Hp, discharge size, lift, and psi it is run at? *No, in process of getting larger one, so no pump at the present time*
- (13) If a pump is used, but not kept out at the pond (kept locked up), please take a picture and attach it with your return email. *see #12. If fire, forest service has/can use the pond.*
- (14) When does the unnamed stream usually run? *winter, spring*
- (15) What makes up the flow in the unnamed stream (springs, run-off, snow melt, etc)? *SD: SD run-off/snow melt*
- (16) What kind/type of fish are in the pond? *bass, catfish, perch*
- (17) How many fish are in the pond? *half dozen*
- (18) Do you have evidence of stocking and pond maintenance schedule? *No*
- (19) What techniques are used to improve fish growth and reproduction (nutrients added to the water)? *N/A*
- (20) How many fish are produced per year? *N/A*
- (21) Is the water in the pond replaced, and if so how often? *No, flows winter/spring then no overflow or incoming flow.*
- (22) Is this pond used for any other things, other than those uses listed on your permit? *No*
- (23) Is there any supplemental water? *No. Well is used for domestic external/internal only*
- (24) Describe all details of the system, from beginning to end.

Dam was incorporated into the existing land contours.

10/15/2012 Questions answered by Mr. Patton, via phone conversation. JH.
