RE: Monty Funk Application for Transfer.

Dear Blake:

Enclosed for processing is an *Application for Transfer* for Monty Funk for Water Right Nos. 35-7968A, 35-8660A, and 35-14209. The purpose of this transfer is to change the point of diversion and place of use for Water Right No. 35-14209 and the place of use for 35-7968A and 35-8660A. Water Right No. 35-14209 will be combined with Water Right Nos. 35-7968A and 35-8660A to form a 360.3 acre permissible place of use. Water Right No. 35-14209 is currently combined with 35-14199, 35-14201, 35-14203, 35-14205, and 35-14207 to form a 296 acre permissible place of use. This transfer will separate 35-14209 from the other five water rights and reduce that permissible place of use by 35.8 acres.

I have also enclosed the results from the model to show that no mitigation will be required as a result of this transfer. I am also including a CD with GIS shape files for the 360.3 acre place of use for 35-7968A, 35-8660A, and 35-14209 as well as the remaining place of use for 35-14199, 35-14201, 35-14203, 35-14205 and 35-14207.

If you have any questions regarding this or if you need any more information, please do not hesitate to contact me.

Best Regards,

Luke H. Marchant
