CONDITIONS OF APPROVAL

1. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 37.
2. The place of use and point of diversion are located within Lot 16 of Gimlet Subdivision #10.
3. Recreation storage is for the storage volume of the pond with a total capacity of 0.22 acre feet.
4. Right 37-21956 (0.01 cfs for mitigation) mitigates for the evaporative losses associated with the pond authorized under this right.
5. Water stored under this right is subject to fluctuations of the water table caused by changes in the flow of local streams and by diversions under prior ground water rights. This right does not guarantee the maintenance of any particular ground water level.
6. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 22nd day of October, 2012.
