CONDITIONS OF APPROVAL

- After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.

State of Idaho
Department of Water Resources
Water Right License

WATER RIGHT NO. 47-07745

2. Return flow if discharged to a subsurface system must be authorized by a separate injection well permit, and return flow if discharged to a surface water system shall meet Idaho Water Quality Standards.
3. The Department retains jurisdiction of the permit to require re-injection of the water if determined to be necessary.
4. The Director retains jurisdiction of this right to change, add or remove any requirement as determined to be appropriate.
5. Diversion and use of trust water under this right is subject to an annual use fee if rules are subsequently promulgated which provide for the submittal of the fee.
6. The use of trust water authorized by this rights is subject to review 20 years after the date of this order to determine availability of trust water and to reevaluate the public interest.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 22nd day of October, 2012.

For

GARY SPACKMAN
Director
