Subject: Roger Julien water rights, I dont remember my permit #
Attachments: 299.JPG; 300.JPG

Hi Eric, thank you for all your help through this process of establishing my water rights. The cone shaped box is at meadow creek, (back away from the creek about 2 feet, water filters through gravel into tank, so no fish are sucked into pipes or anything like that. There is a 2.5 gallon/min pump that pumps it to the house that is only intalled form may-september, then we discontinue use of the creek. the flat circular concrete fixture in the second photo is the spring, which gravity feeds to our house. On the original application we applied for domestic use plus 2 acres irrigation, We only want to use it for domestic use (both sources) our home and a 20 by 20 garden. if you have further questions, feel free to ask.
