Re: Rental POD PLSS location, 2012-2013 County Line Farms Rental Application

The rental application for County Line Farms, received May 4, 2012, along with the subsequent rental approval, signed October 12, 2012, mistakenly list the rental point of diversion as being in the **SWNW** of Section 12, T6S R29E. As stated on page 2 of the application, the rental point of diversion should be the same well as rights 35-14046 and 35-14052 are diverted from, located in the **SESENW** of Section 12 T06S R29E.
