Re: Ownership Change of a Portion of Rt. 67-10455

Dear Ms. Green:

The Department is in the process of reviewing a request for ownership change of a portion of the above referenced water right. We find we have questions concerning this change and need some clarification.

Rt. 67-14055 was issued for domestic use on 2 parcels of land for a total of 0.04 cfs. We have received an ownership change request to "move" one-half interest in this water right to another parcel of land that was not originally covered under this right. The only way this can be done is if one of the original parcels is no longer using the water from this well. The parcels that are covered under the water right are Nos. RP14N01W14322 and RP14N01W116077. Enclosed, for your information, is a copy of Right 67-10455 and a map showing the 2 parcels that the water right is appurtenant to.

Please advise us of your intentions when you sold half of the water right to another party. If there is enough water in the well to supply another home an application for permit for a new water right would be one way to resolve this matter.

Please contact us and let us know what you intended at your earliest convenience. We cannot proceed with processing the ownership change request until we hear from you. If one of the original parcels no longer receives water, then we may be able to "move" the water right from one parcel to another. However, the legal descriptions must be the same as on the decree or a transfer would need to be filed to make this change. Feel free to contact this office if you have any questions in regard to this matter.

Sincerely,

A handwritten signature in black ink that reads "Rachel Sommer". The signature is written in a cursive, flowing style.
