Dear Water Right Holder(s):

The department acknowledges receipt of correspondence adding a security interest to the above referenced water right(s) to you. The department has modified its records to reflect the security interest and has enclosed a computer-generated report for your records.

Also water right numbers 35-8037A and 35-7222 are no longer valid water rights. They were split as follows:

35-8037A (Split into 35-13437 & 35-13438)
35-7222 (Split into 35-13870, 35-14130 & 35-14131)

Water Right number 35-13438 is owned by Walker Land & Cattle and a portion/all of the place of use in the water right is covered by the legal description on the Assignment of Idaho Mortgage, Security Agreement and Fixture Filing provided therefore you have been added as a security interest holder in that water right.

Water Right number 35-14131 is not in the name of Walker Land & Cattle however a portion/all of the place of use in the water right is covered by the legal description on the Assignment of Idaho Mortgage, Security Agreement and Fixture Filing therefore you have been added as a security interest holder in that water right.

Please note there are additional water rights attached that do not list Walker Land & Cattle as current owner, if a security interest should not have been listed, please inform the department of your release.

With information provided the department cannot add a Security Interest to water right number 31-11684. After a telephone conversation with your business it was discovered it was listed in error, due to a release of a portion land located in Township 6 North Range 35 East Section 2. Therefore you are entitled to a \$25.00 refund which has been initiated and should arrive from the State Office in a couple of weeks.

Updating the security interest record for a water right does not reconfirm the validity of the right. When processing an security interest notice, the department does not review the history of water use to determine if the right has been deliberately abandoned or forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jonie Barg
Technical Records Specialist
