CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **September 01, 2013**.
2. Subject to all prior water rights.
3. Use of this right shall be non-consumptive. The water diverted from Rock Creek shall be returned to Rock Creek.
4. The source is also known locally as Richards Creek.
5. Diversion and use of water under this right is authorized only in connection with a dwelling. The right holder shall not operate the water feature when the dwelling is not occupied for any extended period.
6. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 65, Payette River.

State of Idaho
Department of Water Resources
Permit to Appropriate Water
NO. 65-23457

7. Prior to diversion of water under this right, the right holder shall install and maintain a gate valve or other suitable controlling device to control the flow of water as close to the point of diversion as is reasonably possible to ensure the diversion rate authorized under this right is not exceeded. The controlling device shall be lockable.
8. Prior to diversion of water under this right, the right holder shall install a measuring device of a type acceptable to the Department at the point of diversion.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Boise, this 2nd day of October, 2012.

for GARY SPACKMAN, Director
