RE: Application for Permit 65-23512

Dear Mr. and Mrs. Lombardo:

We are in the process of reviewing the above application for permit and find the application was not entirely completed. We have prepared a completed form with the information you provided. Please review this form, make any changes you feel are necessary, sign the form and return it to this office. We have also included a copy of your original application for your convenience.

The point of diversion location was not included on the submitted form. We assume that it is within the SWNE, Sec. 1, Twp. 6N, Rge. 1W as you have indicated on the place of use description. Please mark the location of the proposed well on the map attached to the application form.

We have also completed item 6a on the form to show that you will be using a well, pump and sprinklers to get the water onto your land. In the area of the place of use, you have indicated on item 8b that you propose to irrigate 5 acres in one location and 4 in another. Based on the amount of water you have proposed to divert, we assume that you wish to irrigate a total of 4 acres from this well at 0.03 cfs per acre.

If you are in agreement with the information on the enclosed application form, please sign it on page 2 and return it to this office so we can proceed with our review. If you have any questions in regard to this matter, please do not hesitate to contact me at 334-2190.

Sincerely,

A handwritten signature in black ink that reads "Kay Walker". The signature is fluid and cursive, with the first name "Kay" and last name "Walker" clearly distinguishable.
