CONDITIONS OF APPROVAL

1. The right holder shall make full beneficial use of all municipal water rights available to this facility. This right shall not exceed a maximum annual diversion volume of 81.8 af and the right holder shall limit the diversion of ground water under this right to those times when the municipal water supply is not available for the use authorized under this right.
2. If use of the municipal water rights available to this place of use are discontinued voluntarily by the right holder, this right shall not be used as a primary source of water.
3. The right holder shall maintain a totalizing measuring device of a type approved by the Department as a part of the diverting works.
4. This right is for the use of trust water and is subject to review 20 years after the issuance of the permit to determine availability of water and to re-evaluate the public interest.
5. Diversion and use of water with a temperature greater than 85 degrees Fahrenheit is not authorized under this right.
6. Commercial use is for back-up water supply for a hospital.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 27th day of September, 2012.
