RE: *Application for Permit for Development of Hydropower Water Right Filed on Behalf of Consolidated Irrigation Company.*

Dear Blake:

Enclosed for processing is an *Application for Permit* filed in the name of Consolidated Irrigation Company, which we dismissed with you, in concept, a few months ago. As you can see on the *Application for Permit*, the applicant proposes to receive a permit for the development of a 60 cfs hydropower right which will be located in close proximity to the Applicant's existing water delivery system. We have also included the appropriate filing fee of \$1,810.00, as well as the required *Affidavit for Water Rights to be Used for Power Purposes*, signed by Lyle Porter, the president of Consolidated Irrigation Company.

We believe the application is complete. If you have any questions or concerns, please let me know.

Best Regards,

Robert L. Harris
