Hi Kerrie,

My findings coincide with yours. There's no Workflow data entry, no records in Docs and no records in our Access database. I can't find any evidence this is or ever has been in the Bank.

Monica;

I was give a transfer application for WR # 35-7058, on the application it lists this right is in the Water Supply Bank. However none of the markers in the Database indicated that it is in the Water Bank. Would you please double check for me?

Thank you,
