Moore, ID 83255

Dear Mr. Schluter & Mr. Pehrson;

I have been working on an application for transfer that Randy submitted on both of your behalf. While processing that application, I found some problems that need to be corrected.

I am sending you both an amended application for transfer. This amendment corrects the split portions and the balance of acres and diversion rates based on current ownership of the property.

Mr. Schluter I need you to sign the first page of the application and return it to my attention.

Mr Pehrson, I need you to verify the description of the diversion system. I am assuming that you will be combining both ground water and surface water into a pond then diverting into the sprinkler system since these sources separate do not cover the 35 acres of irrigation you need. Please send me a note or give me a call if there are changes.

If either of you have any questions, please let me know.

Thank you,

A handwritten signature in black ink, appearing to read 'Kerrie Mathews'.
