RE: Permit No. 36-8792

Dear Brad:

Our office sent an Application for Amendment form on May 25, 2012, for the above referenced Permit. The amendment is required because one or more elements of your water use differs from permit 36-8792. As of this date the Department has not received a response.

If the Department does not receive the signed amendment along with the \$100.00 fee within fourteen (14) days, we may assume you are no longer interested in obtaining your water right license and steps to begin voiding permit 36-8792 may proceed. In case the amendment form I sent you has been misplaced, a new one is enclosed.

If you have any questions, please contact me as soon as possible at (208) 736-3033.

Sincerely,

Jana Reeder
Water Resource Agent
