09S 25E 7	NE NW SW SE	NE NW SW SE	NE NW SW SE	NE NW SW SE	NE NW SW SE
	X	X	L 6		

CONDITIONS OF APPROVAL

1. Industrial use is for washing gravel.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 130.
3. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversions.

Department of Water Resources
Water Right License

WATER RIGHT NO. 36-08792

4. For each acre of pond surface area created in connection with this right, the right holder shall cease irrigating one acre of land. This condition applies to land irrigated with water from the Minidoka Irrigation District or water from any other source. If the lands on which this right is used are excluded from the Minidoka Irrigation District, this right shall be null and void unless prior written authorization, including a revised mitigation plan, is obtained from the department.
5. Water diverted under this right will at no time be discharged back to the Snake River.
6. The issuance of this right does not grant any right-of-way or easement across the land of another.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed this 20th day of September, 2012.
