Subject: Change of Water Right Ownership

Good morning Rachel,

This is Kelly Grisham and we spoke on the phone later part of last week regarding the change of water right ownership that I had filed. Although I had included the Deed of Trust previously, it was requested that I provide the "Recorded" Deed of Trust. I just received that from the Title Company, please see attached.

Please confirm receipt of this e-mail, and let me know if there is anything else required. Likewise can you let me know if the Change of Ownership and Assignment of Permit are officially filed and recorded with IDWR please?

Thanks,
Kelly Grisham
