RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Renter:

The Department of Water Resources has been reviewing your application to rent water from the Water Supply Bank. I previously sent a letter on July 3rd asking for verification the flow meters were installed. I understand you have worked this out to the satisfaction of the watermaster.

I spoke with your consultant, Greg Sullivan, on July 16th and he indicated you want to rent different water rights than were identified previously and he needs to do additional Eastern Snake Plain Aquifer (ESPA) modeling. Please be advised the finalized model runs need to be received by this office within 14 days, or no later than August 7th. If no correspondence is received, your rental application will be denied.

If you have any questions, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
