

1/10/06

This day during a visit by Ken Mulberry with Amanda & Kelly working on SRBA issues, I talked with Ken about the transfer (67718) that is being held since it is protested.

It appears that Amanda is going to recommend rt. 47-2137 is licensed and Ken was told he needs to either get with Billy Williams to resolve the protest or let me know and we can schedule a conference/hearing.
