RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK

Dear Renter:

The Department of Water Resources has been reviewing your application to rent water from the Water Supply Bank. Before the Department can process your rental application, we must have confirmation you have satisfied the requirements of the 2009 IDWR order demanding flow meter installations for certain wells. If you have already installed flow meters on your equipment, please contact Cindy Yenter, Watermaster for Water District 130, to confirm installation. After that, the Department can move forward with processing your application.

If the Bank does not receive confirmation of flow meter installation within the next 14 days, we will return your Bank rental application unprocessed.

If you have any questions, please contact me at (208) 287-4907.

Sincerely,

Monica Van Bussum
Sr. Water Resource Agent
