Conditions of Approval:

1. 004 This right does not grant any right-of-way or easement across the land of another.
2. 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.
3. WB7 This right when combined with all other rights shall provide no more than 0.03 cfs per acre nor exceed a combined annual maximum diversion volume of 4.5 af at the field headgate for the lands above.
4. 121 The Director retains jurisdiction to require the right holder to provide purchased or leased natural flow or stored water to offset depletion of Lower Snake River flows if needed for salmon migration purposes. The amount of water required to be released into the Snake River or a tributary, if needed for this purpose, will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this permit.
5. X01 Domestic use is for 1 home.
6. 105 If the surface water right(s) appurtenant to the place of use is abandoned, forfeited, sold, transferred, leased or used on any other place of use, this right to divert ground water shall not be used for irrigation purposes without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.
7. 065 The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.
8. X59 Point of diversion and place of use are located within Lot 6, Blk. 1, Town and Country Estates #5
9. Water bearing zone to be appropriated is 232 to 243 feet.

10.

An aerial photograph of a residential neighborhood. A specific parcel is highlighted with a yellow outline. The parcel is rectangular and contains a large, mostly bare dirt area with some sparse vegetation. Surrounding the parcel are various houses, trees, and other residential features. A road runs along the bottom of the image, and another road runs along the left side. The text overlay provides details about the parcel's ownership and location.
