RE: Permit No. 93-7175

Dear Permit Holder(s):

On September 10, 2012, the Department received your Request for Extension of Time ("extension request") regarding the above-referenced permit.

Department policy has been to return to the requestor, extension requests which are filed more than six (6) months prior to the Proof of Beneficial Use Due Date, as they are considered premature. Since the Proof Due Date on this permit is July 1, 2013, I am returning your extension request as unprocessed.

Therefore, I will initiate the process to refund the \$50.00 filing fee you submitted. You should receive a State of Idaho check for \$50.00 within ten business days.

If need be, you may resubmit your extension request at a later date not prior to six (6) months before the proof due date of July 1, 2013.

If you have any questions, please contact me at (208) 287-4945. Additionally, you may access the department's website at: www.idwr.idaho.gov

Sincerely,

Darla Block

Describe what work has been completed toward the development of this water right:

If no work has been completed, show "none".

The pond has been mapped out and marked. The heavy equipment operator of the D8 cat cannot get into the area because of wet ground. He has gotten stuck trying to get the equipment in. We will need to work the pond in the fall only during the dry season so that we do not have the problem with having the equipment get stuck.

Costing _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

The wet spring seasons have prevented the heavy equipment from getting into the area. We have been out in mid-July and the ground is still too wet to support heavy equipment. The additional requested time will allow us to work during the dry seasons in the fall only.

Permit holder(s) request an extension to September 30, 2017.
