Subject: Water Right Licenses 25-7679, 25-7697, 25-7698, Tex Creek Wildlife Management Area,
Ririe Reservoir mitigation Idaho

Dear Director,

Please consider this a Petition for Reconsideration of the Preliminary Order for approval for the subject licenses. The source element for each of the water right is different from that listed on the permit. Reclamation would like time to work with the Department to ensure the source listed in each license is correct. If you have additional questions or need further assistance, please call me at 208-378-5306.

Sincerely,

E. Gail McGarry

I spoke with Jennifer at the USBR and explained the reasons for the changes made at the licensing phase. Given my explanation, the representative of the USBR was satisfied that the licenses are correct as issued.
