RE: Application for Permit 63-33681 – Church of Jesus Christ of Latter Day Saints

Dear Lori:

We are in the process of reviewing the above referenced application for permit. We found that the drilling permit fee paid in January of 1998 is not sufficient for this proposal. The fee paid was for a domestic well. The correct fee for a drilling permit for a well used for irrigation purposes is \$200.00. Since the driller only paid a \$75.00 drilling permit fee, we request that you submit an additional \$125.00 to upgrade the fee. Please note on the check that the money is for "Drilling Permit Upgrade – Tag D0001550".

We will continue to process this application as normal. Please submit the additional fee at your earliest convenience. If you do not upgrade the drilling permit fee, we may withhold licensing of your development in the future. If you have any questions in regard to this matter, please do not hesitate to contact me at 334-2190.

Sincerely,
