RE: Assignment of Permit for Water Right No. 63-11801

To Whom It May Concern:

The Department is in receipt of your most recent Assignment of Permit form to change the ownership of this permit currently in the name of L. A. & Mae B. Adams 1990 Trust. I noticed that Northwest Farm Credit Services, FLCA was listed as one of the new owners on the first Assignment of Permit form that was considered by the Department to be unacceptable, but was not listed as one of the new owners on the Assignment of Permit form most recently filed.

If it is your intent to have Northwest Farm Credit Services, FLCA listed as one of the new owners of this water right permit you must include them on a new Assignment of Permit form as one of the new owners along with Takasugi Seed Farms, LLC. Adams Family Farms must sign a new Assignment of Permit form and provide the Department with documentation showing that persons authority to sign on behalf of Adams Family Farms. The new form will need to show ownership going from Adams Family Farms to Takasugi Seed Farms, LLC, and Northwest Farm Credit Services, FLCA. The new filing will have to be notarized. Enclosed is a new Assignment of Permit form for your use.

I am returning the first Assignment of Permit form that was filed on August 24, 2012, as it is considered null and void because Takasugi Seed Farms, LLC does not currently own this water right permit. Once the Department is in receipt of the proper documentation, the Department will be able to process an Assignment of Permit, and apply the \$25 filing fee you already submitted.

We will hold this matter for (30) days from the date of this letter. If the Department does not receive the proper documentation within this time period, the \$25.00 fee you submitted on August 24, 2012, will be refunded to Northwest Farm Credit Services.

If you have any questions, please feel free to contact me at (208) 287-4945

Sincerely,
