Subject: Application for Transfer
Casa Del Norte, L.P.

Dear Steve,

Enclosed on behalf of **Casa Del Norte, L.P.** is an *Application for Transfer* that proposes an integrated irrigation system and the addition of two new cold water wells.

The transfer includes twenty four water rights from various sources including Cold Springs Creek, springs, unnamed streams and hot and cold water wells. All the rights were partially decreed in the Snake River Basin Adjudication in 2002. This transfer application also offers the opportunity to clarify the conditions listed on the rights, which were not consistently decreed. See remarks listed on Page 2 of the transfer application for specific details.

The transfer fee was based on combined flow rate limitations listed on the water rights rather than a cumulative flow rate for all twenty four rights. Rights 61-301B, 61-2111 and 61-11885 were decreed as a common system limited to 215 acres, but were not limited to a combined flow rate. The other twenty one rights were limited to the remaining acres and a combined flow rate of 16.95 cfs. As a result, the enclosed fee for this application is \$1,010 based on the following:

61-301B -	1.02 cfs
61-2111 -	1.02 cfs
61-11885 -	0.48 cfs
<u>Remaining rights combined limit-</u>	<u>16.95 cfs</u>
Total	19.47 cfs

Please let me know if there are any questions concerning this application.

Sincerely,
