September 6, 2012

Dear Mr. Lester,

There was a permit applied for by Little Pioneer Ditch Company to move 31 shares of water from diversion to mitigation, permit No. 63-32602.

The Water Right License no. 63-3602 was issued for 26 shares to be used for mitigation.

Little Pioneer Ditch Company requests that the 5 shares not used for mitigation be returned to diversion under Water Right Report 63-183.

Thank you,

Gail R Glasgow
President Little Pioneer Ditch Company LTD
