Re: Pocock

Dear James,

Enclosed are the documents for the Pocock lease to cover Mr. Pocock's land not covered by permit. Per our conversation, I understood that Mr. Pocock and Mr. Summers could enter into a private lease agreement, but that forms for leasing to the water bank would still need to be filed so that the Department could approve the lease. Mr. Pocock will be leasing water from himself and then applying extra water he has on other fields to the un-licensed areas.

We discussed the matter of fees. I have not yet included a check because we are unsure exactly what the fee would be. I thought it might be prudent for me to send the application, and upon your or an IDWR's agent's approval, we can send a check for whatever amount is necessary. We are aware that the application is incomplete until a check is received.

If we need to take any additional steps to facilitate this matter, please let us know what else we need to do.

Best Regards,

Robert H. Wood
