RE: Scheduling Field Exam for Water Right Permit No. 61-7600

Dear Mr. Russell:

We are planning to **conduct water right examinations** in the vicinity of the above-referenced permit **during the week of May 22, 2012**. An examination is needed to verify your water use in order to issue a water right license.

Please be advised that you will need to operate your system under normal conditions during the examination. The permit authorizes use of Squaw Creek (locally known as Ditto Creek) water for irrigation storage, irrigation from storage, aesthetic storage, stockwater storage, and irrigation of 50 acres.

In order to conduct your exam as efficiently as possible, we ask that you call this office to schedule a day and time convenient for you. **Please call me at 208-334-2190 by May 18, 2012.** If there is a problem with scheduling or conducting the examination at this time, please call and other arrangements can be made. I appreciate your attention in this matter and I look forward to hearing from you.

Sincerely,
