WATER RIGHT NO. 72-7209
As Modified by Transfer No. 67067

CONDITIONS OF APPROVAL

1. Use of water under this right shall be non-consumptive.
2. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 170.
3. Prior to diversion of water under this right, the right holder shall install a lockable device, subject to the approval of the Department, in a manner that will provide the watermaster suitable control of the diversion.
4. The right holder shall install or construct a straight length of conduit or ditch suitable for installation of a device for measuring the entire flow of water being diverted in connection with this right. If the right holder uses conduit, the straight length of conduit shall be at least fifteen times the diameter of the conduit and shall be above ground or otherwise easily accessible.
5. Upon specific notification by the Department, the right holder shall install and maintain acceptable measuring device(s), including data logger(s), at the authorized point(s) of diversion, in accordance with Department specifications.
6. When notified by the Department or by a watermaster with regulatory authority over this right, the right holder shall report the amount of water diverted in connection with this right. The report shall be submitted in the manner and frequency specified by the Department or the watermaster.
7. Rights 72-7209, 72-7577, 72-7578 and 72-7580 when combined shall not exceed a total diversion rate of 13.1 cfs.
8. Rights 72-16957, 72-16598, 72-7375, 72-7209, 72-7577, 72-7578 and 72-7580 when combined shall not exceed a total diversion rate of 25 cfs.
9. Return water shall be treated to insure that the effluent meets Idaho Water Quality Standards.
10. Should the use of the water on this right reduce the quality of water available to prior water rights and make it unusable to satisfy the prior appropriations, the right holder shall cease diversion under this right.
11. Prior to the diversion and use of water under this approval, the right holder shall comply with all fish screening and/or fish passage requirements of the Idaho Department of Fish and Game.
12. The right holder shall accomplish the change authorized by this transfer within one year(s) of the date of this approval.
13. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
14. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
