4. Measuring devices acceptable to the Department shall be permanently maintained at the point of discharge to the Big Wood River or a hydraulically connected side channel of the Big Wood River.

Remarks:Comments:

1. sclellan 7/23/2010 ADR update

Comment: Proof of this right is supported largely by the unclaimed license 37-8278. Location of the spring source of this right was not determined and GIS POD is centroid only.

2. sclellan 5/11/2011 combined limits

Comment: It does not appear this spring right has ever been subject to a combined diversion review in developments of other rights in the area. Therefore no limits are being added at this time but may be subject to future limits under new developments.

3. Ownership Change 8/16/2012 1:24:42 PM Split Right

Comment: Split into 37-22770
