REQUEST FOR EXTENSION OF TIME

DEPARTMENT OF
WATER RESOURCES
 TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
 BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE of \$50.00** to be included with this form when filed with IDWR.

Permit No. 72-16687 Date Proof is Due Aug. 1ST, 2012
 Name(s) of Permit Holder James and Vickie Bolen

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".) The well pump and associated pressure tanks were worked on & power was restored to pump. Robinson Electric checked out the problem we have with water delivery to system but has not been able to find why all of the spigots do not work. My brother Joe has also tried to upgrade existing system but has not had success in finding & locating and repairing everything. The sprinkler system as it is has been turned on during the summer months and used on the land. Costing Approx. 300.00

The permit holder(s) has been unable to complete the remainder of the work for the following reasons: The main reason is we just didn't fully understand the beneficial use part of the permit. I have never owned land before except for the house I live in. My brother Joe went to Twin Falls years ago (to W.R. Office) & was led to believe that by getting the pump working & watering the acreage was enough to show beneficial use. I'm 58 now but we purchased the land for after my retirement four years from now. I simply thought I had more time to decide whether to open it back up as an IV station (8 or 9 hook-ups) or if after retirement, building a home (or two, as my daughters have expressed some interest in spending some time there).

Permit holder(s) request an extension to Aug. 1ST, 2017.
