RE: Scheduling Field Exam for Water Right Permit No. 63-12494

Dear Mr. Underwood:

We are planning to **conduct water right examinations** in the vicinity of the above-referenced permit **during the week of May 22, 2012**. An examination is needed to verify the water use in order to issue a water right license.

The above-referenced permit authorizes use of ground water for domestic use associated with eight homes (Lots 1-8 Danskin Properties Subdivision No. 2). I have enclosed a water permit report and map depicting the permit place of use and point of diversion for your reference.

Ownership changing of water right 63-11382 (Danskin Properties Subdivision No. 1) suggests ownership of permit 63-12494 may need to be assigned to Danskin Properties Association Inc. c/o Barbara Waite. A water right permit is personal property of the permit owner. It remains personal property unless it is assigned to a new owner. **If appropriate, I respectfully request you complete and submit the enclosed Assignment of Permit form with the applicable \$25 processing fee within the next 10 days.** If an assignment is not received, we will work with the new land owner(s) to complete the licensing process. **Please call me at 208-334-2190 by May 18, 2012 if you have any questions.** I appreciate your attention in this matter and I look forward to hearing from you.

Sincerely,

Angela M. Grimm, P.G.
Water Resource Agent, Sr.

Conditions of Approval:

1.	26A	Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which permit holder had no control.
2.	004	The issuance of this right does not grant any right-of-way or easement across the land of another. Point of diversion is located within Lot 19, Blk. 1, Danskin Properties Subdivision No. 1. Place of use is located within Lots 1-8, Danskin Properties Subdivision No. 2. Domestic use is for 8 homes. Water bearing zone to be appropriated is from about 420 to 470 feet.
3.		
4.	070	The irrigation occurring under this domestic use shall not exceed 1/2 acre within each platted subdivision lot upon which a home has been constructed. This right does not provide for irrigation of common areas or for irrigation of lots upon which homes have not been constructed.
5.	071	The domestic use authorized under this right shall not exceed 13,000 gallons per day per home. The Director retains jurisdiction to require the right holder to provide purchased or leased natural flow or stored water to offset depletion of Lower Snake River flows needed for salmon migration purposes. The amount of water required to be released into the Snake River or a tributary for this purpose will be determined by the Director based upon the reduction in flow caused by the use of water pursuant to this permit.
6.	120	
7.	046	Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
