Comment: The 1920 Bear River Decree contains an error. Evidence confirms that the irrigation place of use should have been in Range 39 East rather than Range 38 East. Ownership changes have been processed on this water right based on the correct place of use. However, the water right place of use will still be listed in Range 38 East, as decreed. A water right transfer will be required to correct the error in the decree and adjust the place of use.
