Re: Change in Water Right Ownership: Water Right No. 57-7589 (Split into 57-7589 and 57-11827) & 57-4048

Dear Water Right Holder(s):

The Department acknowledges the receipt of correspondence changing ownership of the above referenced water right(s) to you. The Department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records.

Please note the name on the water right is CLP Properties, LLC. The Elsner's conveyed the property to the company so that is the name we have to put on the water right. If you would like the water right to be in your individual names, you may file and record a quit claim deed and send in another Notice of Change in Water Right Ownership.

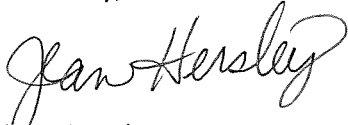

Your portion of this water right has a specified point of diversion, nature of use and place of use. If you plan on changing the nature of use, place of use, or point of diversion under this right, including adding a new point of diversion, then an Application for Transfer on your portion of this right is required. Please contact this office for further information on the Application for Transfer form or you can find the forms at www.idwr.idaho.gov. If you do not plan on changing any items on your water right, then no further action is required at this time.

Water Right 57-4048 is a domestic right located in Township 01S, Range 02W, Section NWNESW. It looks like the dwelling is located in the SENW. You may need to file a transfer to correct the place of use on this water right.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Please feel free to contact me at 208-287-4942 if you have any questions concerning the enclosed information or this letter.

Sincerely,

Re: Change in Water Right Ownership: Water Right No. 57-7589 (Split into 57-7589 and 57-11827)

Dear Water Right Holder(s):

We have received and processed a Change of Ownership for a portion of your original Water Right as referenced above. This change of ownership resulted in a split of your original water right.

When a portion of the original water right has been conveyed to another and the original right has been split, then the original water right number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new water right number reflects your remaining portion of the original water right, after the change of ownership. Enclosed is a copy of this new water right for your records. Please refer to your new water right number when corresponding with our office.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

If you have any questions concerning this ownership change, or the enclosed information, please feel free to contact me at 208-287-4942.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".
