Rachel,

Per my cover letter enclosing Credit Suisse's renewed Notice, dated March 6, 2012 (copy attached), IDWR should already have copies of the pertinent supporting documents because the same were submitted to IDWR with the underlying Notice on March 17, 2008. I spoke with John Westra this afternoon, and he suspects that IDWR still has copies of the necessary, supporting documentation.

If, for some reason IDWR does not still possess the necessary documentation, please let me know so that I can re-submit the same.

Thank you for your assistance, Rachel.
