Dear Mr. Christianson,

Thank you for working with us on getting the water rights split on spring water rights # 78-04053. The new numbers assigned are:

Parcel A a/k/a 5633 Pines Road, New Meadows, ID. is 78-12400

Parcel B a/k/a 5631 Pines Road, New Meadows, ID. is 78-12401

We are sending a notice of change in water right ownership from James F & Lorna Gleason to Chad Wippermann on parcel B, the 1 acre property known as 5631 Pines Road, New Meadows, ID. Your form and attachments are included.

The request to split the spring water right was submitted to your office on May 8, 2012 and completed July 11, 2012.

Property Parcel B sold and closed June 18, 2012 prior to the final rights split, however since the split was in the process prior to June 18th, 2012, I used the new spring water rights number assigned to parcel B as the water claim number on your notice of change form. We paid the \$100.00 transfer fee at the time of submission.

Because of the dates as to what took place, I wasn't sure if I was supposed to use the water right number prior to the split and mark yes to split or if I should use the newly assigned number after the water right was split. The property was divided via a survey recorded June 17, 2010. Both parcels were in our name and so were the water rights so we hadn't completed a split of water rights at that time.

If you have any questions or are in need of anything else, please email at msbowie@frontier.com as we are moving and won't have a phone for a while.

Thank you so much for your assistance on this.

Sincerely,

Jim and Lorna Gleason
