RE: Application for Permit 65-23457

Dear Mr. Keen,

Enclosed please find our exhibits for the upcoming hearing on our contested water right application for an aesthetic waterfall.

Exhibit A: Overview of Property with detail of POD and water return to Rock Creek

Exhibit B: Detail of System Structure

With regard to the Basis of Protest, there are two statements of facts and law the protestant has listed:

- 1) Inadequate Supply – We believe this is an invalid issue as there is adequate supply.
- 2) Improper Structure – We are willing to devise a proper structure under the direction of IDWR in the event that our structure is determined to be improper.

With regard to resolution, we have received nothing from the protestant regarding the “facts to be discussed before resolution would be possible”.

In addition, I would like to call my wife, Joyce Ford and JR Allen as witnesses in the hearing.

Thank You,

Glenn Ford
