Subject: Interagency Billing Request for Statement of Completion form received from State of Idaho Transportation Department in Rigby

Sascha,

A beneficial use statement (proof) for water right permit no. 74-15892 was received on 8/13/2012 with a stickie attached requesting interoffice billing with no pca code. Attached is a pdf version of the proof form received. The fee for this will be \$100.00, and funds will go into our PCA Code 56104 Beneficial Use. Please notify me of the billing number and also when the funds are received so I can process Transportations proof.
