Remarks:Comments:

1. sclellan 7/23/2010 ADR update

Comment: Proof of this right is supported largely by the unclaimed license 37-8278. Location of the spring source of this right was not determined and GIS POD is centroid only.

2. sclellan 5/11/2011 combined limits

Comment: It does not appear this spring right has ever been subject to a combined diversion review in developments of other rights in the area. Therefore no limits are being added at this time but may be subject to future limits under new developments.
