Subject: Water Permit 95-12885

The Department of Water Resources is in the process of reviewing your water permit for licensing. Additional information is needed in order to complete this process.

Condition # 7 on your water permit states: "A fish screen of 0.25 inch or smaller mesh shall be installed and maintained at the point of diversion." Was this condition met?

Please reply to this in a timely manner so we may complete the review for licensing.

Thank you.
