RE: PERMIT SUBJECT TO LICENSING 2-7199E

Dear Mr Pollock

I am reviewing your permit for licensing purposes and I need to confirm some information.

In the aerial photo clip to the right I have outlined, in red, what I understand to be the irrigated place of use associated with this permit. In this particular aerial photo the property does not appear to be irrigated. The outlined property is 1 acre and assuming that this is correct, the right would be licensed for 1 acre.

Issues that need to be addressed;

1. Where is the pump located and what is the horse power? *2HP*
2. How is the irrigation system designed?

irrigated system

You can reach me at 208-334-2190 (ask for Kelly) and we can discuss the permit and the licensing process in greater detail.

You may also reach me by e-mail at the address shown below.
