6. Basis of protest (including statement of facts and law upon which the protest is based).

The application for transfer seeks to add a Point of Diversion ("POD") on BLM land in the SENENW, S10, T13S, R25E that is not authorized. According to the application, they are working with the BLM field office to acquire a right of way ("ROW") for the new POD. The other three PODs on BLM land are authorized.

7. What would resolve your protest?

BLM's protest can be resolved by the Claimant agreeing to relinquish the transfer if the ROW is not sought or granted by the BLM, and by including standard condition #004 which reads: "This right does not grant any right-of-way or easement across the land of another."

I hereby, acknowledge that if I, or my designated representative, fail to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 10th day of August 2012.
