PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 65-23477

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

During my review of your proof statement and your water appropriation permit, I noticed that you stated a greater number of acres being irrigated than the number of acres permitted. On your proof statement you stated that you are irrigating 10 acres. Your permit is limited to a total of 5 acres for irrigation use. You must limit your water use to what is listed on your permit.

I have enclosed a copy of your proof statement and a copy of the permit for your reference. If needed, you may apply for another water right to cover additional water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions about the field examination, please contact the **Western** Regional Office of the department in Boise at (208) 334-2190.

Sincerely,

Darla Block
Technical Records Specialist
