SEE ATTACHED FOR THE 3 PARCELS YOU REFER TO BELOW. THE MH 08S14E336090 HAS NO RECORD FOR.

I ASKED ONE OF OUR APPRAISER'S IF WE SHOW GEO THERMAL HEATING. HE SAID IF THEY USE IT AS HEATING THEY WOULD NOTE ON THE LAND INFO SECTION THERE WAS GEO THERMAL OR STEAM HEATING. IF THEY HAVE THE GEO THERMAL AND DON'T USE IT WE DON'T NOTE IT.

ON ALL WE SHOW PRIVATE WELL AND SEPTIC AND ELECTIC HEATING.
I DON'T KNOW IF ANY OF THIS WILL HELP YOU.

Attn Assessor,

The documents you provided in response to my previous request for information related to **Twp 08 South, Rge 14 East, Section 33, lot 7** is proven to be invaluable.

I did not give you good or specific leads for all of the property that I need to confirm for the water rights, so this is a follow-up request. I now have some ownership information that might help you, help me.

- The Jerry and Alpha Woodman property is now owned by Terry and Sharon Reid. I believe the Reids purchased the home formerly occupied by the Woodmans on tax #994 of lot 7. In 1987, there was also a double-wide mobile home on a portion of the Woodman property on tax #1444 of lot 7. There is now a vineyard where that MH used to be.

- I know less about the former home of Golden Grigg than any of the other dwellings. I believe that it may currently be owned by another member of the Flint family, possibly Judy Flint. 1987 Aerial photography shows a dwelling (maybe another double-wide MH) and a pool in N 8.96 of tax #1418 of lot 7, exc tax #1656.

I am looking for building size, age and heating information that will confirm that they were heated by geothermal water in 1985. You have amazing records. Please query them once more for me.

Sincerely,

Michele Edl
